

Color Mix Product Specifications

Product Description

- Color Mix is an ideal medium for starting seedlings, plugs, bedding flowers, or as an all-purpose potting soil.
- Composition is of redwood shavings, peat moss, perlite, and amendments.

Benefits of Usage

- Plant material and trees will exhibit prime growth rates due to the premium quality and content.
- Water retention and drainage will be optimal based on the specific formulation.
- Amendments and fertilizers added will assure success and continue to feed the material systemically for some time.

Application

- Fabulous for liners, trays or flats, container plant material, or to use in planter beds.
- Custom mixes, ratios, and additional additives available upon request.
